Fall 2021 Book Club

September

The Four Winds is a rich, sweeping novel that stunningly brings to life the Great Depression and the people who lived through it - the harsh realities that divided us as a nation and the enduring battle between the haves and the have-nots. A testament to hope, resilience, and the strength of the human spirit to survive adversity, The Four Winds is an indelible portrait of America and the American dream, as seen through the eyes of one indomitable woman whose courage and sacrifice will come to define a generation.

October

Nearly 25 years after Housekeeping, Marilynne Robinson returns with an intimate tale of three generations, from the Civil War to the 20th century: a story about fathers and sons and the spiritual battles that still rage at America's heart. In the words of Kirkus, it is a novel "as big as a nation, as quiet as thought, and moving as prayer. Matchless and towering." GILEAD tells the story of America and will break your heart.

November

In this unforgettable portrait of human frailty and resilience, Kristin Hannah reveals the indomitable character of the modern American pioneer and the spirit of a vanishing Alaska—a place of incomparable beauty and danger. The Great Alone is a daring, beautiful, stay-up-all-night story about love and loss, the fight for survival, and the wildness that lives in both man and nature.

December

The Push is a rare and extraordinary gift to listeners: a novel about the expectations of motherhood we're taught not to challenge and what really happens behind the closed doors of even the most perfect-looking families. It's impossible to put down and impossible to forget.
